INDEPENDENT AUDITOR'S REPORT

To the Members of LA- GAJJAR MACHINERIES PRIVATE LIMITED

Report on the Audit of the Standalone Indian Accounting Standards (Ind AS) Financial Statements

Opinion

We have audited the accompanying Standalone Ind AS financial statements of LA- GAJJAR MACHINERIES PRIVATE LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of Significant Accounting Policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the standalone state of affairs of the Company as at March 31, 2022, and its loss (including Other Comprehensive Income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements for financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matters below, our description of how our audit addressed the matter provided in that context.

We have determined the matter described below to be the key audit matter to be communicated in our report.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

Revenue recognition:

During the financial year the company has recognised revenue from contracts with customers for sale of goods and services of Rs. 54217.82 Lakhs (Refer Note 22 of Standalone Financial Statements). Revenue is recognised as per revenue recognition policy described in Note 32.4.18.

We have identified revenue recognition as a key audit matter since it involves significant management judgement and estimates including whether contracts contain multiple performance obligations which should be accounted for separately. This comprises allocation of the transaction price to each performance obligation and assessing whether the identified performance obligations are satisfied at a point in time and determining when the control is transferred.

Our audit methodology included the following:

- Obtained an understanding and assessed internal controls and its effectiveness with regards to recognition of revenue.
- Analysed major streams of revenue of company to assess whether the method of revenue recognition is consistent with IND AS 115 and has been applied consistently.
- Focused on contract classification, determination of the performance obligations and determination of transaction price including variable consideration for selected samples.
- Tested on sample basis whether revenue transactions near to the reporting date have been recognised in the appropriate period based on terms of the contract.
- Evaluated and critically analysed on sample basis, the significant judgements and estimates made by the management in applying the accounting policy for allocation of transaction price and the timing of transfer of control.
- Critically analysed the adequacy and appropriateness of disclosures required as per Ind AS 115- Revenue from Contracts with Customers.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance (including other Comprehensive Income), changes in equity and standalone cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

internal financial controls with reference to standalone Ind AS Financial Statement in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Financial Statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A; a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Standalone Financial Statements comply with Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the director is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, and to the best of our information and according to the explanations given to us, the company has not paid/ provided any remuneration to its directors during the year except sitting fees. In our opinion the same is in accordance with the provisions of section 197 of the act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements – Refer 32.5.1 to the Standalone Financial Statements.

(ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

(iii) There are no amounts required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented to us that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts to the Standalone Financial Statements, if any, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) the management has represented to us, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts to the Standalone Financial Statements, if any,

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the information and explanation given to us and audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations made by the management and as mentioned under sub-clause (v)(a) and (v)(b) above contain any material misstatement.

(v) The Company has not declared or paid dividend during the year.

(vi) The requirement to the use of accounting software for maintaining Company's books of account which has a feature of recording audit trail (edit log) facility is deferred to financial years commencing on or after April 1, 2023, therefore reporting under Rule 11(g) of Companies (Audit & Auditors) Rules, 2014 is not applicable for financial year ended on March 31, 2022.

Annexure A to Independent Auditors' Report (CARO)

Referred to in paragraph 1 of our "Report on Other Legal and Regulatory Requirements" on even date

(i)	(a)	(A)	The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
		(B)	The Company is maintaining proper records showing full particulars of intangible assets
	(b)		The Property Plant and Equipment of the Company have been physically verified by the Management at reasonable intervals with regards to the size of the company and nature of its assets discrepancies noticed, if any, have been properly dealt with in the books of account. In our opinion, the frequency of verification is reasonable.
	(c)		The title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 1 - Property, Plant & Equipment, to the financial statements, are held in the name of the Company.
	(d)		The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year. Accordingly provisions of Clause 3(i)(d) of the said Order are not applicable to the Company.
	(e)		According to the information and explanations provided to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) and rules made thereunder. Therefore reporting under clause 3(i)(e) of the order is not applicable.
(ii)	(a)		The physical verification of inventory have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion and based on the policy adopted by the management, the coverage and procedure of such verification is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory as compared to book records and have been appropriately dealt with in the books of accounts.

(b) According to the information and explanations provided to us, the company has been sanctioned working capital limits in excess of five crore rupees during the year, in aggregate, from banks or financial institutions on the basis of security of current assets. The management of the company has provided us with the quarterly returns or statements, which they have represented to us have been filed by the company with their banks or financial institutions. In our opinion, the following discrepancies have been observed by us in the quarterly returns or statements as compared with the books of account of the Company. (Amount in Rs. Lakhs)

Quarter	Name of the bank	Particulars of securities provided	Amount as per statement submitted to bank/FI	Amount as per financials	Difference
Jun-21	Federal/HDFC/ICICI/Yes Bank	Inventory	8,313.93	8,342.16	(28.23)
		Receivables	6,718.85	7,267.81	(548.96)
		Payables	4,227.00	5,566.86	(1,339.86)
Sep-21	Federal/HDFC/ICICI/Yes Bank	Inventory	8,713.10	8,713.10	-
		Receivables	6,685.10	6,685.10	(0.00)
		Payables	4,429.32	6,877.30	(2,447.99)
Dec-21	Federal/HDFC/ICICI/Yes Bank	Inventory	7,838.41	7,877.89	(39.48)
		Receivables	6,752.57	6,783.35	(30.78)
		Payables	5,054.39	7,706.27	(2,651.88)
Mar-22	Federal/HDFC/ICICI/Yes Bank	Inventory	7,565.07	7,571.79	(6.72)
		Receivables	8,370.80	8,195.52	175.28
		Payables	4,996.48	7,463.71	(2,467.23)

The company has appropriately disclosed the discrepancies and reasons thereof in the Financial Statements (Refer Note 17 - Reconciliation of quarterly statement submitted to banks).

(iii) (a) The company has made investments in during the year in the subsidiary Company. The Company has not stood any guarantee or provided any security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships or any other parties

(b) In terms of the information and explanations given to us and the books of account and records examined by us investments made during the year are not prejudicial to the Company's interest.

	(c) to (e)	The Company has not provided loans and advances in the nature of loans during the year hence reporting under clause 3(iii) (c), 3(iii) (d) and 3(iii) (e) are not applicable.
	(f)	The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
(iv)		According to the information and explanations given to us, there are no loan, guarantees, securities given by the company under section 185 of the Companies Act, 2013. According to the information and explanations provided to us, provisions of section 186 of the Companies Act, 2013 have been complied with respect to investment.
(v)		In our opinion and according to information and explanation given to us, the Company has not accepted public deposits or amounts which are deemed to be deposits, hence the directive issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under, are not applicable to it. According to information and explanation given to us, no order has been passed against the company by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
(vi)		Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
(vii)	(a)	According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues in respect of income tax, though there has been slight delay in few cases and is generally regular in depositing the undisputed statutory dues including employees' state insurance, provident fund, sales tax, service tax, duty of customs, duty of excise, value added tax, Goods and Service Tax, cess and other material statutory dues, as applicable, with the appropriate authorities. According to the information and explanation given to us, no undisputed amounts payable in respect of statutory dues were in arrears as at 31st March, 2022, for a period more than six months from the date they became payable except profession tax of Rs. 2750/-

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS *

	(b)	According to the information and explanations given to us and the records of the Company examined by us, the particulars of dues of income tax, sales tax, service tax, duty of customs and duty of excise duty, value added tax, Goods and Service Tax, as at 31st March, 2022 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount under dispute not deposited (Rs. In Lakhs)**	Period to which the amount relates	Forum where the dispute is pending
Sales Tax	Demand for disallowance of claims	374.18	2006-07 2016-17 2017-18	Sales Tax Tribunal
Sales Tax	Demand for disallowance of claims	13.51	2016-17	Assistant Commissioner of Commercial Taxes
GST & Central Excise	Demand for disallowance of claims	2.12	2017-18	Superintendent (Audit), GST & Central Excise, Audit Commissioner
Income Tax	Penalty Order u/s.270A	0.70	2016-17	Commissioner of Income Tax

** Net of amount paid under protest of Rs. 32.71 Lakhs.

(viii)		In terms of the information and explanations given to us and the books of account and records examined by us, the Company has not surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Therefore reporting under clause 3(viii) of the order is not applicable.

P.G. BHAGWAT LLP * CHARTERED ACCOUNTANTS * PUNE

(ix)	(a)	According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender as at the balance sheet date.
	(b)	According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
	(c)	In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
	(d)	According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that funds raised on short-term basis have, prima facie, not been used for long-term purposes by the company during the year.
	(e)	According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
	(f)	According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
(x)	(a)	In our opinion, and according to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) during the year. Accordingly, the provisions of Clause 3(x)(a) of the Order are not applicable to the Company.
	(b)	The Company has not made any preferential allotment or private placement of shares or fully or partly or optionally convertible debentures during the year. Accordingly, the provisions of Clause 3(x)(b) of the Order are not applicable to the Company.
(xi)	(a)	During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the Management.

P.G. BHAGWAT LLP * CHARTERED ACCOUNTANTS * PUNE

	(b)	During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, report in the form ADT-4 as specified under sub-section (12) of section 143 of the Companies Act has not been filed. Accordingly reporting under clause 3(xi)(b) of the order is not applicable.
	(c)	During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us and as represented to us by the management, there are no whistle blower complaints received by the company during the year.
(xii)		As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
(xiii)		The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Ind AS 24, Related Party Disclosures specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
(xiv)	(a)	In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
	(b)	We have considered the internal audit reports of the company issued till date, for the period under audit.
(xv)		According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
(xvi)	(a)	According to the information and explanation given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.
	(b)	According to the information and explanations given to us and procedures performed by us, we report that the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Therefore reporting under clause 3(xvi)(b) of the order is not applicable.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

	(c)	According to the information and explanations given to us and procedures performed by us, the Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, hence reporting under clause 3(xvi)(c) of the order is not applicable.
	(d)	Based on information and explanation given to us and as represented by the management, the Group has One Core Investment Companies (CIC)s as part of the Group which is a subsidiary of Holding Company of the reporting entity.
(xvii)		The Company has not incurred cash losses during current financial year and had not incurred cash losses during immediately preceding financial year.
(xviii)		There has been no resignation by statutory auditors during the year hence reporting under clause 3(xviii) of the order is not applicable.
(xix)		According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
(xx)	(a)	There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects, requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

P.G. BHAGWAT LLP * CHARTERED ACCOUNTANTS * PUNE

	(b)	There are no unspent amounts towards Corporate Social Responsibility (CSR) in respect of ongoing projects requiring a transfer to a Special Account in compliance with sub-section (6) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

Annexure B to the Independent Auditors' Report

Referred to in paragraph 2 (f) under the heading, "Report on Other legal and Regulatory Requirements" of our report on even date:

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the Financial Statements of **La-Gajjar Machineries Private Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('The Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the financial statements and their operating

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the financial statements.

Meaning of Internal Financial Controls with reference the financial statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the financial statements

Because of the inherent limitations of internal financial controls with reference to the financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial Statements to future periods are subject to the risk that the internal financial controls over financial reporting with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Particulars	As at 31 MARCH 2022	As at 31 March 2021
Provision for employee benefits	**55.75**	**65.73**
Provision for gratuity	16.15	27.60
Provision for compensated absence	39.60	38.13
Others	**814.79**	**1,079.72**
Provision for warranty	814.79	1,079.72
Total	**870.54**	**1,145.45**

1. Employee benefits obligations

a. Gratuity

The Company provides gratuity for employees as per the Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The amount of gratuity is payable on retirement or termination whichever is earlier. The level of benefits provided depends on the member's length of service and salary at retirement age. The gratuity plan is a funded plan. Refer Note 32.5.6

b. Compensated absences

The leave obligation cover the Company's liability for earned leaves which is expected to be paid-off in next 12 months

2. Other Provisions

a. Warranty

Warranty is given to customers at the time of sale of Pumps, Motors and Pumpsets manufactured. Warranty cost includes expenses in connection with repairs, free replacement of parts and after sales services during warranty period.

Provision is made for estimated warranty claims in respect of products sold which are still under warranty at the end of reporting period. It is expected that majority of these costs will be incurred in the next financial year and balance will be incurred in following years. Management estimates the provision based on historical warranty claim information and any recent trends that may suggest future claims could differ from historical amounts.

During the year 2019-20, new section 115BAA is introduced by the CBDT. As per this section, option is given to all existing companies to either pay Income tax as per the existing rates (i.e. 25% or 30% plus applicable surcharge and cess) or as per concessional rate of 22% plus applicable surcharge and cess. This new rate is available only if company forgoes certain exemptions and deductions. Since this new rate is beneficial, company has adopted the new tax rate of 25.168% (i.e. 22% including surcharge and cess) for computing Income tax & deferred tax for year ended 31 March, 2022 (the rate for 31 March, 2021 was 25.168%).

The standalone financial statements were approved by the Board of Directors and authorized for issue on 7 May 2022.

2 Basis of preparation of Financial Statements

The Company's standalone financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") as issued under the Companies (Indian Accounting Standards) Rules, 2015 and amendments thereof issued by the Ministry of Corporate Affairs in exercise of the powers conferred by section 133 read with rule 7 of the companies (Accounts) Rules, 2014. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied.

The standalone financial statements have been prepared on a historical cost basis, except for,

(i) the investments which have been measured at fair value as they are classified as fair value through profit or loss or fair value through other comprehensive income.

(ii) defined benefit plans - plan assets measured at fair value

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013 unless otherwise stated.

3 Significant accounting judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The Company continually evaluates these estimates and assumptions based on the most recently available information. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

3.1 Judgements

In the process of applying the company's accounting policies, the management has made the following judgements, which have the most significant effect on the amounts recognized in the standalone financial statements:

Lease

The company had applied provisions of Ind AS 116 effective 01st April, 2019. The said standard provides for certain recognition exemptions for short term leases as well as provides for certain criteria when the lease contracts are non-enforceable. The determination of lease term for the purpose of availing such exemptions and evaluation of such criteria for non-enforceability of a contract involves significant judgment.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Revenue Recognition

The company generally recognizes revenue when the performance obligation is satisfied at a point in time when the control is transferred i.e. either on shipment or upon delivery in domestic and in case of export on the date of bill of lading.

3.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company bases its assumptions and estimates on information available till the date of approval of these standalone financial statements. The assumptions and estimates, however, may change based on future developments, due to market conditions or due to circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions and estimates when they occur.

Defined benefit plans

The cost of the defined benefit plans and other post-employment benefits and the present value of the obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future post-retirement medical benefit increase. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The most sensitive parameter is the discount rate. In determining the appropriate discount rate, management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are mainly based on expected future inflation rates for the country.

Further details about defined benefit obligations are provided in Note 32.5.6

Deferred Tax

Deferred tax assets are recognized for all deductible temporary differences including the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Warranty

The Company recognizes provision for warranties in respect of the products that it sells. The estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidences based on actions on product failures,

Impairment of Goodwill recognized under Business Combination

The company estimates whether goodwill accounted under business combination has suffered any impairment on annual basis. For this purpose, the recoverable amount of the CGU was determined based on value in use calculations which require the use of assumptions.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Uncertainty relating to Global health pandemic on COVID-19

The Company's operation has and may continue to be impacted by the outbreak of COVID-19 virus. The effects of COVID-19 virus to the global economy include effect to economic growth, increase in credit risk, and the fluctuation of foreign currency exchange rates and disruption of business operation. The future effects of the outbreak of COVID-19 virus to the Company are unclear at this time. Nevertheless, as at the date of this report, management of the Company is of the opinion that the outbreak of the COVID-19 has no significant impact to the operational activities of the Company.

4 Significant Accounting Policies

4.1 Current Vs Non-Current Classification

The company presents assets and liabilities in the Balance Sheet based on current / non-current classification.
An asset is current when it is:

a. Expected to be realized or intended to be sold or consumed in normal operating cycle
b. Held primarily for the purpose of trading
c. Expected to be realized within twelve months after the reporting period, or
d. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non - current.

A liability is current when it is:

a. Expected to be settled in normal operating cycle
b. Held primarily for the purpose of trading
c. Due to be settled within twelve months after the reporting period, or
d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non - current.
Deferred tax assets and liabilities are classified as non - current assets and liabilities.

4.2 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, Or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company

The Company measures the fair value of an asset or a liability assuming that market participants would use it when pricing the asset or liability and that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the standalone financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

External valuation experts are involved for valuation of significant assets and liabilities. Involvement of external valuation experts is decided upon annually by the management.

Methods and assumptions used to estimate the fair values are consistently followed.

4.3 Property , Plant and Equipment

a. The company has adopted Ind AS from transition date 1st April 2016. Accordingly the company has elected to continue with the carrying value of all of its Property, plant and equipment measured as per the Indian GAAP as at 31 March 2016 and use those values as deemed cost.

Property, plant and equipment; and capital work in progress are stated at cost, net of accumulated depreciation and/or accumulated impairment losses, if any, other than those acquired in a business combination. Cost represents all expenses directly attributable to bringing the asset to its working condition capable of operating in the manner intended. Such cost includes the cost of replacing parts of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the company recognises such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the Property, Plant and Equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Standalone Statement of Profit and Loss as incurred.

b. Capital work-in-progress comprises cost of property, plant and equipment that are not yet installed and ready for their intended use at the balance sheet date.

c. Own manufactured assets are capitalised at cost including an appropriate share of allocable expenses.

Depreciation and Amortization

Depreciation is charged on the basis of useful life of assets on Straight Line method which are as follows:

Asset Category	Life in Years	Basis for useful life
Leasehold Improvements	Lease Period	Amortised over lease period
Plant & Equipment including Pattern Tooling	15	Life as prescribed under Schedule-II of Companies Act, 2013
Jigs & Fixtures	8	Lower useful life considered based on past history of usage and supported by Technical Evaluation
Computers		
Network	6	Life as prescribed under Schedule-II of Companies Act, 2013
End user devices, such as, desktops, laptops, etc.	3	
Servers	6	
Electrical Installations	10	Life as prescribed under Schedule-II of Companies Act, 2013

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Furniture & Fixture		
Furniture, Fixtures and Electrical Fittings	10	Life as prescribed under Schedule-II of Companies Act, 2013
AC, Refrigerators and Water coolers - Company and Guest House Premises	5	Life as prescribed under Schedule-II of Companies Act, 2013
Office Equipment	5	Life as prescribed under Schedule-II of Companies Act, 2013
Vehicles		
Motorcars, Jeep	8	Life as prescribed under Schedule-II of Companies Act, 2013
Two Wheelers	10	
Other Vehicles	8	

Used assets obtained under Business Combination are measured based on their remaining useful life as on the date of acquisition.

- Depreciation on additions is provided from the beginning of the month in which the asset is ready to use.

- Depreciation on assets sold, discarded or demolished during the year is being provided at their respective rates on pro-rata basis up to the end of the month prior to the month in which such assets are sold, discarded or demolished.

- Foreign exchange fluctuation gain/ loss on imported plant and equipment were charged to Profit & Loss statement up to transition date of Ind AS.

The company, based on technical assessments made by technical experts and management estimates and depreciates certain items of plant and equipment over a useful lives which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Standalone Statement of Profit and Loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Security:

As at 31st March 2022, Properties, Plant & Equipment with a carrying amount of ₹1347.06 Lakhs (31st March 2021 ₹ 1346.10 Lakhs) are subject to first charge to secure bank loan. Refer note 14 "Borrowings".

4.4 Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the property are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

An investment property is derecognised on disposal or on permanent withdrawal from use or when no future economic benefits are expected from its disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Transfers are made to (or from) investment property only when there is a change in use. Transfers between investment property, owner-occupied property and inventories are at carrying amount of the property transferred.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

4.5 Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets are recorded at the consideration paid for its acquisition. In case of internally generated intangible assets, expenditure incurred in development phase, where it is reasonably certain that the outcome of development will be commercially exploited to yield future economic benefits to the company, is considered as an intangible asset. Such developmental expenditure is capitalized at cost including a share of allocable expenses.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised by using Straight Line method over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset maybe impaired. Amortisation of Intangible assets is included in the depreciation and amortisation in the statement of Profit and Loss.

Asset category	Life in years
1. Computer Software	3 - 5 years
2. Customer Relationship	5 years

The amortisation period and amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives, if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

4.6 Borrowing Cost

Borrowing Costs net of any investment income from temporary investment of related borrowings that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized till the month in which the asset is ready to use, as part of the cost of that asset. Other borrowing costs are recognised as expenses in the period in which these are incurred.

4.7 Impairment of non-financial assets

The company assesses at each balance sheet date whether there is any indication due to internal or external factors that an asset or a group of assets comprising a Cash Generating Unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the assets. If such recoverable amount of the assets or the recoverable amount of the CGU to which the asset belongs is less than the carrying amount of the assets or the CGU as the case may be, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the profit and loss account. If at any subsequent balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the profit and loss account.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. 'An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognised or relates to a change in the estimate of the recoverable amount in the previous periods.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

4.8 Financial instruments – initial recognition and subsequent measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

(i) Initial recognition and measurement of financial assets

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement of financial assets

For the purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at amortised cost :

A financial asset is measured at amortised cost if:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset if applicable. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

- Financial assets at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets, until they are derecognised or reclassified, are subsequently measured at fair value with unrealised gains or losses recognised in other comprehensive income except for interest income, impairment gains or losses and foreign exchange gains and losses which are recognised in the statement of profit and loss.

- Financial assets at fair value through profit or loss

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

Equity Instruments

Investment in equity instruments issued by subsidiary are measured at cost.

In addition, the company may elect to classify a financial asset, which otherwise meets amortized cost or fair value through other comprehensive income criteria, as at fair value through profit or loss. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

After initial measurement, such financial assets are subsequently measured at fair value with unrealised gains or losses recognised in the statement of profit and loss.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

(iii) Derecognition of financial assets

A financial asset is derecognised when:

- the contractual rights to the cash flows from the financial asset expire,

or

- The company has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

(iv) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassifications and how they are accounted for

Original classification	**Revised classification**	**Accounting treatment**
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in the statement of Profit and loss.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS *

FVTPL	FVOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to statement of profit and loss at the reclassification date.

(i) Impairment of financial assets

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost.
- Financial assets that are debt instruments and are measured as at FVOCI
- Lease receivables under Ind AS 116
- Trade receivables under Ind AS 115

The company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables resulting from transactions within the scope of Ind AS 115, if they do not contain a significant financing component

- Trade receivables or contract assets resulting from transactions within the scope of Ind AS 115 that contain a significant financing component, if the company applies practical expedient to ignore separation of time value of money, and

- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.'

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the company is required to use the remaining contractual term of the financial instrument.

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected in a separate line in the P&L as an impairment gain or loss. The balance sheet presentation for various financial instruments is described below:

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

- Financial assets measured as at amortised cost, contract assets and lease receivables: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not derecognize impairment allowance from the gross carrying amount.
- Loan commitments: ECL is presented as a provision in the balance sheet, i.e. as a liability.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

a) Financial Liabilities

(i) Initial recognition and measurement of financial liabilities

All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss, transaction costs that are attributable to the issue of the financial liabilities.

(ii) Subsequent measurement of financial liabilities

For the purposes of subsequent measurement, financial liabilities are classified and measured as follows:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The company has not designated any financial liability as at fair value through profit and loss

- Loans and Borrowings at amortised Cost

This is the category most relevant to the company. After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividend on these preference shares are recognised in profit or loss as finance cost.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

(iii) Derecognition of financial liabilities

A financial liability (or a part of a financial liability) is derecognised from its balance sheet when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

4.9. Derivatives

Company uses derivative contracts to hedge its exposure against movements in foreign exchange rates. The use of derivative contracts is intended to reduce the risk or cost to the company. Derivative contracts are not used for trading or speculation purpose.

All derivatives are measured at fair value through the profit or loss unless they form part of a qualifying cash flow hedge, in which case the fair value is taken to reserves and released into the statement of profit and loss at the same time as the risks on the hedged instrument are recognised therein. Any hedge ineffectiveness will result in the relevant proportion of the fair value remaining in the statement of profit and loss. Fair values are derived primarily from discounted cash-flow models, option-pricing models and from third-party quotes. Derivatives are carried as assets when their fair values are positive and as liabilities when their fair values are negative. All hedging activity is explicitly identified and documented by the company.

4.10. Foreign Currency Transactions

a. Initial Recognition
Foreign currency transactions are recorded in Indian currency, by applying the exchange rate between the Indian currency and the foreign currency at the date of the transaction.

b. Conversion
Current assets and current liabilities, Secured Loans, being monetary items, designated in foreign currencies are revalorized at the rate prevailing on the date of Balance Sheet or forward contract rate or other appropriate rate.

c. Exchange Differences
Exchange differences arising on the settlement and conversion of foreign currency transactions are recognised as income or as expenses in the year in which they arise.

4.11. Leases

Lease is a contract that provides to the customer (lessee) the right to use an asset for a period of time in exchange for consideration.

a. Company as a lessee
A lessee is required to recognise assets and liabilities for all leases and to recognise depreciation of leased assets separately from interest on lease liabilities in the statement of Profit and Loss. The Company uses the practical expedient to apply the requirements of this standard to a portfolio of leases with similar characteristics if the effects on the financial statements of applying to the portfolio does not differ materially from applying the requirement to the individual leases within that portfolio.

However, when the lessee and the lessor each have the right to terminate the lease without permission from the other party with no more than an insignificant penalty the Company considers that lease to be no longer enforceable. Also according to Ind AS 116, for leases with a lease term of 12 months or less (short-term leases) and for leases for which the underlying asset is of low value, the lessee is not required to recognize right-of-use asset and a lease liability. The Company applies both recognition exemptions. The lease payments associated with those leases are generally recognized as an expense on a straight-line basis over the lease term or another systematic basis if appropriate.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Right-of-use Asset

Right-of-use assets, which are included under property, plant and equipment, are measured at cost less any accumulated depreciation and, if necessary, any accumulated impairment. The cost of a right-of-use asset comprises the present value of the outstanding lease payments plus any lease payments made at or before the commencement date less any lease incentives received, any initial direct costs and an estimate of costs to be incurred in dismantling or removing the underlying asset. In this context, the Company also applies the practical expedient that the payments for non-lease components are generally recognized as lease payments. If the lease transfers ownership of the underlying asset to the lessee at the end of the lease term or if the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, the right-of-use asset is depreciated to the end of the useful life of the underlying asset. Otherwise, the right-of-use asset is depreciated to the end of the lease term.

Lease Liability

Lease liabilities, which are assigned to financing liabilities, are measured initially at the present value of the lease payments. Subsequent measurement of a lease liability includes the increase of the carrying amount to reflect interest on the lease liability and reducing the carrying amount to reflect the lease payments made.

Lease Modification

For a lease modification that is not accounted for as a separate lease, the company accounts for the re measurement of the lease liability by making a corresponding adjustment to the right-of-use asset.

b. Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalised within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of profit and Loss on a straight-line basis over the term of the lease.

4.12. Inventories

a. Raw materials, components, stores and spares are valued at cost or net realizable value whichever is lower. Cost includes all cost of purchase and incidental expenses incurred in bringing the inventories to their present location and condition.

b. Work-in-process including finished components and finished goods are valued at cost or realisable value whichever is lower. Cost includes direct materials, labour costs and a proportion of manufacturing overheads based on the normal operating capacity.

c. Materials-in-transit and materials in bonded warehouse are valued at actual cost incurred up to the date of balance sheet.

d. Unserviceable, damaged and obsolete inventory is valued at cost or net realisable value whichever is lower.

Cost of inventory is ascertained using weighted average cost formula.Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

4.13. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

4.14. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amounts expected to be recovered from or paid to the taxation authorities; on the basis of the taxable profits computed for the current accounting period in accordance with Income Tax Act, 1961 and book profit in case of minimum alternate tax under section 115JB of Income Tax Act, 1961 if applicable. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax relating to items recognised in other comprehensive income or directly in equity is recognised in other comprehensive income or in equity, respectively, and not in the statement of Profit and Loss. The Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax liabilities are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized

Deferred tax assets are recognised for all deductible temporary differences including, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Sales tax / GST

Expenses and assets are recognised net of the amount of GST, except:

- When the GST incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

- When receivables and payables are stated with the amount of GST included.

The net amount of Sales tax / GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

4.15. Non-Current Assets held for sale and Discontinuing operations

A. Non-Current Assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate use in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

B. Discontinuing operations

Discontinuing operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss account.

Assets and liabilities classified as held for distribution are presented separately from others assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

a) Represents a separate major line of business or geographical area of operations,

b) Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

Or

c) Is a subsidiary acquired exclusively with a view to resale

An entity does not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

4.16. Employee Benefits

a) Short Term Employee Benefits

The distinction between short term and long term employee benefits is based on expected timing of settlement rather than the employee's entitlement benefits. All employee benefits payable within twelve months of rendering the service are classified as short term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. and are recognised in the period in which the employee renders the related service

P. G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

b) Post-Employment Benefits

(i) Defined contribution plan

The company makes payment to state government provident fund scheme and employee state insurance scheme which are defined contribution plans. The contribution paid/payable under the schemes is recognised in the statement of profit and loss during the period in which the employee renders the related service. The company has no further obligations under these schemes beyond its periodic contributions.

(ii) Defined benefit plan

The employee's gratuity fund scheme is Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on a net basis.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the profit or loss in subsequent periods.

Past service costs are recognised in the statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

(iii) Other than the Defined contribution plan and Defined benefit plan disclosed above, the company does not offer any other Long term employment benefits or Termination benefits to its employees.

4.17. Provisions and Contingencies

Necessary provisions are made for the present obligations that arise out of past events entailing future outflow of economic resources. Such provisions reflect best estimates based on available information.

However a disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

4.18. Revenue Recognition

The company recognizes revenue, when or as control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account our customer's creditworthiness.

Revenue is the transaction price the company expects to be entitled to. Variable consideration is included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the company reasonably estimates those. Revenue is recognized for each performance obligation either at a point in time or over time.

Performance obligations are identified based on individual terms of contract. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the company reasonably estimates them. Revenue is recognized for each performance obligation either at a point in time or over time.

The incremental cost to obtain a contract are recognised as an asset if the company expects to recover those cost over the period of contract. Company recognises the incremental costs of obtaining a contract as an expense, when incurred, if the amortisation period of the asset that the entity otherwise would have recognised is one year or less.

Contract Balances

Trade Receivable

The amounts billed on customer for work performed and are unconditionally due for payment i.e. only passage of time is required before payment falls due, are disclosed in the Balance Sheet as trade receivables.

Contract Liability

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised when the company performs under the contract.

Other Income

Interest Income from a Financial Asset

Interest Income from a Financial Asset is recognized using effective interest rate method.

Others

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

4.19. Government Grant

Grants and subsidies from the government are recognized if the following conditions are satisfied,

- There is reasonable assurance that the company will comply with the conditions attached to it.
- Such benefits are earned and reasonable certainty exists of the collection.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

Export Incentives

Export incentives under various schemes notified by government are accounted for in the year of exports as grant related to income and is recognized as other operating income in the statement of profit and loss if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

4.20. Cash dividend

The company recognises a liability to make cash distributions to the equity holders of the company when the distribution is authorised and the distribution is no longer at the discretion of the company. As per the provisions of Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions, if any, are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

4.21. Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares

4.22. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non cash nature and any deferral or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the company are segregated.

Cash and cash equivalents (including bank balances) shown in the Statement of cash flows exclude items which are not available for general use as at the date of the Balance sheet.

4.23. Segment Reporting

a. Identification of Segments

The company has identified Domestic Business and Exports Business as its reportable segments. The company is engaged in the business of manufacturing and sales of Submersible Pumps, Electric Motors, Electrical Switches and spares thereof.

b. Allocation of common costs

Common allocable costs are allocated to the Domestic Business Segment based on sales of Domestic Business segment to the total sales of the company.

c. Unallocated items

Corporate assets and liabilities, income and expenses which relate to the company as a whole and are not allocable to segments, are included under other reconciling items.

4.24. Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of acquisition date fair values of the assets transferred by the company, liabilities incurred by the company to the former owners of the acquiree and the equity interests issued by the company in exchange for control of the acquire. Acquisition related costs are generally recognized in profit or loss as incurred.

Goodwill is measured as the excess of,

- the sum of consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any)
- over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed.

When the consideration transferred by the company in a business combination includes assets or liabilities resulting from a contingent arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Contingent consideration that is classified as an asset or liability is re-measured at subsequent reporting dates in accordance with Ind AS 109 Financial Instruments or Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets, with the corresponding gain or loss being recognised in profit or loss.

d Other information

Nature of leasing activity

The Company has leases for Office Building, Factory Buildings and Warehouse. Certain lease contracts provide for payments to increase each year by inflation or and in others to be reset periodically to market rental rates. While other lease contracts comprise only fixed payments over the lease terms.

Extension and termination options

The use of extension and termination options gives the Company added flexibility in the event it has identified more suitable premises in terms of cost and/or location or determined that it is advantageous to remain in a location beyond the original lease term. An option is only exercised when consistent with the Company's regional markets strategy and the economic benefits of exercising the option exceeds the expected overall cost.one of the existing lease agreements is getting extended for another periods of 3 Years with 2 Years of lock-in.

Total benefit liability	**(54.00)**	**(27.61)**	**(3.69)**	**(31.30)**	**-**	**(2.85)**	**-**	**(0.99)**	**7.54**	**3.70**	**54.00**	**(27.60)**

The major categories of plan assets of the fair value of the total plan assets of Gratuity are as follows: ₹ in Lakhs

Particulars	Year ended March 31, 2022 Rs.	Year ended March 31, 2021 Rs.
Special Deposit Scheme	-	-
(%) of total plan assets	-	-
Insured managed funds	246.53	210.89
(%) of total plan assets	100%	100%
Others	-	-
(%) of total plan assets	-	-

The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Discount rate	7.23%	6.80%
Future salary increase	7.00%	7.00%
Expected rate of return on plan assets	7.23%	6.80%
Expected average remaining working lives (in years)	13	13
Withdrawal rate (based on grade and age of employees)		
For service 4 years and below	15%	15%
For service 5 years and above	3%	3%

A quantitative sensitivity analysis for significant assumption is as shown below:

Gratuity ₹ in Lakhs

Particulars	Sensitivity level	(increase) / decrease in defined benefit obligation (impact)	
		-	-
Discount rate	1% increase	24.03	22.92
	1% decrease	(28.12)	(26.99)
Future salary increase	1% increase	(24.26)	(23.56)
	1% decrease	22.07	20.90
Withdrawal rate	1% increase	0.84	(0.05)
	1% decrease	(1.00)	0.01

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The followings are the expected future benefit payments for the defined benefit plan : ₹ in Lakhs

Particulars	-	-
	Rs.	Rs.
Within the next 12 months (next annual reporting period)	27.78	27.91
Between 2 and 5 years	47.34	41.19
Beyond 5 years	558.36	497.66
Total expected payments	633.48	566.76

Weighted average duration of defined plan obligation (based on discounted cash flows)

Particulars	-	-
	Years	Years
Gratuity	12.00	12.00

The followings are the expected contributions to planned assets for the next year:

Particulars	-	-
	Rs.	Rs.
Gratuity	47.89	56.06

La-gajjar Machineries Private Limited
Notes to the Financial Statements

C. Funding Policy

The Company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for employees, which requires contributions to be made to a separately administered fund.

The fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy.

D. Risk Exposure
Gratuity is a defined benefit plan and company is exposed to the Following Risks:

Interest rate risk : A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk : The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk : The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk : The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk : Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk : Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

5.11 Revenue Recognition

(A)Set out below is the disaggregation of the company's revenue from contracts with its customers :

₹ in Lakhs

Particulars	Domestic Business	Export Business	Total
Revenue from contracts with customers	39,089.90	14,108.53	53,198.43

(B)The company has generated revenue of ₹ 45.66 Lakhs during the year from its Contract Liabilities as on 1 April, 2021.

(C)The company generally recognizes revenue when the performance obligation is satisfied at a point in time when the control is transferred i.e. either on shipment or upon delivery in domestic and in case of export on the date of bill of lading. The payment is due from the date of sales and are generally on terms of 30 days to 120 days.

(D)The company is in the business of manufacturing and trading of Electric Pumpsets and related spares and has a single obligation of delivery of goods as per the commercial contract terms with its customers. In some cases the company also provides extended warranty to its customers.

(E)The company provides to its customers warranties in the forms of repairs or replacement under its standard terms and recognizes it as warranty provision as per Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets"

(F)As on 31st March, 2022, the company has unsatisfied performance obligation of ₹93.75 Lakhs and will be recognized as revenue in financial year 2022-23 based on contractual terms.

(G)Reconciliation of the company's revenue from contract price with revenue recognized in the statement of Profit and Loss is as follows :

₹ in Lakhs

Particulars	2021-22	2020-21
Revenue as per Contract	55,842.46	52,716.63
Less : Discounts and Incentives	2,644.04	1,806.53
Revenue from contracts with customers	**53,198.43**	**50,910.10**

5.12 Fair value disclosures for financial assets and financial liabilities

The management believes that the fair values of non-current financial assets (e.g., investments at FVPL, loans and others),current financial assets (e.g., cash and cash equivalents, trade and other receivables, loans), non-current financial liabilities and current financial liabilities(e.g. Trade payables and other payables and others) approximate their carrying amounts.

5.13 Financial instruments risk management objectives and policies

The company's principal financial liabilities, other than derivatives, comprise borrowings, trade and other payables and other financial liabilities. The main purpose of these financial liabilities is to finance and support the company's operations. The company's principal financial assets include investments, loans, trade and other receivables, cash and short-term deposits and other financial assets that have been derived directly from its operations. The company had entered into derivative transactions in the past, however no such transactions have taken place during the current financial year.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

The company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The Audit Committee and Board review financial risks and the appropriate risk governance framework for the company's financial risks are identified, measured and managed in accordance with the company's policies and risk objectives. It is the company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a)Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk, price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings, deposits, investments, trade and other receivables, trade and other payables and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 31 March 2022 and 31 March 2021.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity provisions.

The following assumption has been made in calculating the sensitivity analyses:

The sensitivity of the relevant statement of profit and loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2022 and 31 March 2021.

i)Interest rate risk
a.Exposure

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

₹ in Lakhs

Particulars	2021-22	2020-21
Long Term Fixed Interest Loans	850.00	858.60
Short Term Fixed Interest Loans	-	-
Long Term Floating Interest Loans	2,811.50	980.59
Short Term Floating Interest Loans	7,620.07	7,867.04

b.Interest Rate Sensitivity

₹ in Lakhs

Financial Year	Change in Interest rate	Effect on profit before tax	Effect on pre-tax equity
31-Mar-22	+50 bps	(48.20)	(48.20)
	-50 bps	48.20	48.20
31-Mar-21	+50 bps	(44.17)	(44.17)
	-50 bps	44.17	44.17

The sensitivity is calculated only in respect of floating interest rate loan. It is calculated by changing the interest rates by 50 bps keeping all other factors constant.

ii)Foreign currency risk (Hedged and Unhedged)

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the company's operating activities (when revenue or expense is denominated in a foreign currency).

Amounts in Foreign Currencies

Nature of Exposure	Currency	2021-22	2020-21
Receivable	USD	2,512,469.00	3,863,749.00
	EUR	-	-
Payable	USD	525,081.00	3,528,868.00
	EUR	15,600.00	26,000.00

The company manages its foreign currency risk by hedging transactions related to sales & purchases.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

At 31 March 2022 and 31 March 2021, the company has hedged NIL and NIL USD and EURO respectively, of its total foreign currency exposure. When foreign currency risk is hedged, the company uses foreign currency forward contracts.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD & EURO exchange rates, with all other variables held constant. The impact on the company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The impact on the company's pre-tax equity is due to changes in profit before tax. The company's exposure to foreign currency changes for all other currencies is not material.

₹ in Lakhs

Financial Year	Change in USD rate	Effect on profit before tax	Effect on pre-tax equity
31 March, 2022	5%	74.15	74.15
	-5%	(74.15)	(74.15)
31 March, 2021	5%	9.68	9.68
	-5%	(9.68)	(9.68)

₹ in Lakhs

Financial Year	Change in EURO rate	Effect on profit before tax	Effect on pre-tax equity
31-Mar-22	5%	(0.67)	(0.67)
	-5%	0.67	0.67
31-Mar-21	5%	(1.13)	(1.13)
	-5%	1.13	1.13

i) Commodity price risk

The company is affected by the price volatility of certain commodities. Its operating activities require the on-going purchase and manufacture of Pumps & Motors and therefore require a continuous supply of copper, steel and Iron. However, Company being the indirect user of these commodities, volatility in price of such commodity does not have direct or immediate impact on the profitability of the company. Hence, the company does not foresee any direct or immediate risk with respect to such commodity price fluctuation.

i) Other Price Risk

The company does not hold investments in equity or mutual fund as on the date of Balance Sheet and hence it is not exposed to any such risks.

a) Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Trade receivables

Receivables are reviewed, managed and controlled for each class of customers separately. Credit exposure risk is mainly influenced by class / type of customers, depending upon their characteristics. Credit risk is managed through credit approval process by establishing credit limits along with continuous monitoring of credit worthiness of customers to whom credit terms are granted. Wherever required, credit risk of receivables is further covered through letter of credit, bank guarantee, business deposits and such other forms of credit assurance schemes.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are combined into homogenous category and assessed for impairment collectively. The calculation is based on actual incurred historical data. The company does not hold collateral as security. The company evaluates the concentration of risk with respect to trade receivables as low, as its customers are spread over vast spectrum.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the company in accordance with the company's policy. Investments of surplus funds are made as per the approved investment policy. Investment limits are set to minimise the concentration of risks and therefore mitigate financial loss if any.

a) Liquidity risk

The company monitors its risk of a shortage of funds using a liquidity planning tool.

The company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans. The company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Selective hedging is used within the company to manage risk concentrations at both the relationship and industry levels.

(i)The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments:

₹ in Lakhs

Particulars	On demand	less than 3 months	3 months to 1 year	1 year to 5 years	more than 5 years	Total

Note 33 : Standards issued but not yet effective :

Amendment to Indian Accounting Standard Rules, 2015
The Ministry of Corporate Affairs (MCA) on 5 April 2022, vide Notification dated 23 March 2022 has issued Companies (Indian Accounting Standard) Amendment Rules, 2022 in consultation with the National Financial Reporting Authority (NFRA).

The notification states that these rules shall be applicable from 1 April 2022 and would thus be applicable for the financial year ending 31 March 2023.

The amendments to Ind As are intended to keep the Ind AS aligned with the amendments made in IFRS.

Particulars	Explanation
Amendments to Ind AS 16, "Property, Plant and Equipment"	The amendments to Ind AS 16 issued by the Ministry of Corporate Affairs amends provisions regarding proceeds from selling items produced while bringing an asset into the location and condition necessary for it to be capable of operating in the manner intended by management.
Amendments to Ind AS 37, "Provisions, Contingent Liabilities and Contingent Assets"	The amendments to Ind AS 37 issued by the Ministry of Corporate Affairs amends provisions regarding costs a company should include as the cost of fulfilling a contract when assessing whether a contract is onerous.
Amendments to 41, "Agriculture"	The amendments to Ind AS 41 issued by the Ministry of Corporate Affairs amends provisions to remove a requirement to exclude cash flows from taxation when measuring fair value thereby aligning the fair value measurement requirements in Ind AS 41 with those in other Ind AS's.
Amendments to 101, "First-time Adoption of Indian Accounting Standards"	The amendments to Ind AS 101 issued by the Ministry of Corporate Affairs amends provisions to simplify the application of Ind AS 101 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences.
Ind AS 103, "Business Combination"	The amendments to Ind AS 103 issued by the Ministry of Corporate Affairs amends provisions to: - substitute the word 'Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework)' with the words 'Conceptual Framework of Financial Reporting in Ind AS'. - add to Ind AS 103 a requirement that, for transactions and other events within the scope of Ind AS 37 , an acquirer applies Ind AS 37 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination - add to Ind AS 103 an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.
Ind AS 109, "Financial Instruments"	The amendments to Ind AS 109 issued by the Ministry of Corporate Affairs amends provisions to prescribe the treatment of fees involved during exchange between an existing borrower and lender of debt instruments with substantially different terms. The amendment clarifies that if an exchange of debt instruments or modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognised as part of the gain or loss on the extinguishment If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the liability and are amortised over the remaining term of the modified liability

Exposure Drafts

Particulars	Explanation
Amendments to Ind AS 8, "Accounting Policies, Changes in Accounting Estimates and Errors" - Definition of Accounting Estimates	The exposure draft on amendments to Ind AS 8 issued by the Institute of Chartered Accountants of India proposes amendments to introduces a new definition of 'accounting estimates'. The amendments are designed to clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors.
Amendments to Ind AS 12, "Income Taxes" Deferred Tax related to Assets and Liabilities arising from a Single Transaction	The exposure draft on amendments to Ind AS 12 issued by the Institute of Chartered Accountants of India proposes amendments to introduce an exception to the initial recognition exemption in Ind AS 12 whereby an entity does not apply the initial recognition exemption for transactions that give rise to equal taxable and deductible temporary differences. The amendments would apply to transactions that occur on or after the beginning of the earliest comparative period presented.
Amendments to: Ind AS 1, "Presentation of Financial Statements", Ind AS 34, "Interim Financial Reporting" and Ind AS 107, "Financial Instruments: Disclosures" - Disclosures of Accounting Policies	The exposure draft on amendments to Ind AS 1 issued by the Institute of Chartered Accountants of India proposes amendments whereby an entity will be required to disclose only its material accounting policy information instead of its significant accounting policies. The amendment explain how an entity can identify material accounting policy information. Consequential amendments are proposed for Ind AS 107, Financial Instruments: Disclosures, and Ind AS 34, Interim Financial Reporting.
New Indian Accounting Standard (Ind AS) 117, Insurance Contracts	The exposure draft of Ind AS 117 is issued by the Institute of Chartered Accountants of India as replacement for Ind AS 104 Insurance Contracts. Further, amendments have also been proposed to the exposure draft to add a transition option relating to comparative information about financial assets presented on initial application of Ind AS 117

The above exposure drafts have not been notified by the Ministry of Corporate Affairs ('MCA') to be applicable from 1 April, 2022 as at the date of approval of these financial statements. On issue of the amendment by MCA, the Group would evaluate the impact of the change in the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

To The Members of LA- GAJJAR MACHINERIES PRIVATE LIMITED

Report on the Audit of the Consolidated Indian Accounting Standards (Ind AS) Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS Financial Statements of LA- GAJJAR MACHINERIES PRIVATE LIMITED (hereinafter referred to as the "Holding Company"), its subsidiary including joint venture of the subsidiary ("the Joint Venture") (Holding Company, its subsidiary and the Joint Venture together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2022, and the consolidated statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of Changes in Equity and the consolidated statement of Cash Flows for the year then ended, and notes to the consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us , the aforesaid consolidated Financial Statements give the information required by the Companies Act, 2013, as amended ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, their consolidated loss (including other comprehensive Income), consolidated changes in equity and their consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of consolidated Financial Statements in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the consolidated Financial Statement section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Financial Statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue recognition:

During the financial year the group has recognised revenue from contracts with customers for sale of goods and services of Rs. 56,257.45 Lakhs (Refer Note 22 of financial statements). Revenue is recognised as per revenue recognition policy described in Note 32.4.18.

We have identified revenue recognition as a key audit matter since it involves significant management judgement and estimates including whether contracts contain multiple performance obligations which should be accounted for separately. This comprises allocation of the transaction price to each performance obligation and assessing whether the identified performance obligations are satisfied at a point in time and determining when the control is transferred.

Our audit methodology included the following:

- Obtained an understanding and assessed internal controls and its effectiveness with regards to recognition of revenue.
- Analysed major streams of revenue of company to assess whether the method of revenue recognition is consistent with IND AS 115 and has been applied consistently.
- Focused on contract classification, determination of the performance obligations and determination of transaction price including variable consideration for selected samples.
- Tested on sample basis whether revenue transactions near to the reporting date have been recognised in the appropriate period based on terms of the contract.
- Evaluated and critically analysed on sample basis, the significant judgements and estimates made by the management in applying the accounting policy for allocation of transaction price and the timing of transfer of control.
- Critically analysed the adequacy and appropriateness of disclosures required as per Ind AS 115- Revenue from Contracts with Customers.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors Report, but does not include the consolidated Financial Statements and our auditor's report thereon.

Our opinion on the consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS *

consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive Income), the consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

- Identify and assess the risks of material misstatement of the consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Financial Statements, including the disclosures, and whether the consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statement of such entity included in the consolidated Financial Statements of which we are the independent auditors.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Financial Statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

   d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read the Companies (Indian Accounting Standards) Rules, 2015, as amended

   e) On the basis of the written representations received from the directors of the Holding company, its subsidiary company and the Joint Venture as on March 31, 2022 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group companies, incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company, its Subsidiary company and the Joint Venture incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   g) As required by section 197 (16) of the Act; in our opinion and according to information and explanation provided to us, the company has not paid/ provided any remuneration to its directors during the year except sitting fees. In our opinion the same is in accordance with the provisions of section 197 of the act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

(i) The consolidated financial statements disclose the impact, of pending litigations as at March 31, 2022 on the consolidated financial position of the Group, refer Note 32.5.1 to the consolidated financial statements.;

(ii) The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

(iii) There are no amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company, its Subsidiary company and the Joint Venture.

(iv) (a) The management has represented to us that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts to the financial statements, if any, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the holding Company, its subsidiary or the Joint Venture to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the holding Company, its subsidiary or the Joint Venture ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

(b) the management has represented to us, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts to the Financial Statements, if any, no funds have been received by the holding Company, its subsidiary or the Joint Venture from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the holding Company, its subsidiary or the Joint Venture shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the information and explanation given to us and audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations made by the management and as mentioned under sub-clause (v)(a) and (v)(b) above contain any material misstatement.

(v) The Board of Directors of the Joint Venture have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting of the Joint Venture. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

P.G. BHAGWAT LLP * PUNE * CHARTERED ACCOUNTANTS

(vi) The requirement to the use of accounting software for maintaining Company's books of account which has a feature of recording audit trail (edit log) facility is deferred to financial year commencing on or after April 1, 2023, therefore reporting under Rule 11(g) of Companies (Audit & Auditors) Rules, 2014 is not applicable for financial year ended on March 31, 2022.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiary and the Joint Venture included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports

Annexure A to the Independent Auditors' Report

Referred to in paragraph 2 (f) under the heading, "Report on Other legal and Regulatory Requirements" of our report on even date:

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Consolidated Financial Statements of **La-Gajjar Machineries Private Limited** ("the Holding Company") and its subsidiary company incorporated in India as of March 31, 2022 in conjunction with our audit of the Consolidated Financial Statements of the Holding Company and its subsidiary company incorporated in India and for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the respective Companies considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('The Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated Ind AS financial statements of the Holding company and its subsidiary company incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained in respect of Holding company and its subsidiary company incorporated in India, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated financial statements.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding company and its subsidiary company incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to the Consolidated Financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Closing balance as at 31 March	**200.91**	**128.36**

2. Tax Losses

₹ in Lakhs

Particulars	As at 31 March 2022	As at 31 March 2021
Unused tax losses for which no Deferred Tax Assets have been recognised- Long Term capital loss on sale of Land	1,237.01	1,237.01
Potential Tax benefit	288.17	288.17

3. The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

4. Deferred tax is measured on temporary differences at the rate of 25.168% (Refer note 31)

5. The unused tax losses were incurred by the company on sale on Land in which company is not likely to generate taxable income in the foreseeable future. The losses can be carried forward as per the provisions of Income Tax Act .

6.The deferred tax liabilit is not recognized by temporary difference between carrying amount and tax base of investments in subsidiary as the parent company is able to control the timing of reversal of temporary difference and it is probable that the difference will not reverse in the forseeable future. Hence,the group has not recognized any deferred tax liability for taxes on undistributed profits

Provision for warranty	821.18	1,079.72
Total	**880.82**	**1,145.45**

1. Employee benefits obligations

a. Gratuity

The Company provides gratuity for employees as per the Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The amount of gratuity is payable on retirement or termination whichever is earlier. The level of benefits provided depends on the member's length of service and salary at retirement age. The gratuity plan is a funded plan. Further subsidiary Company has also adopted similar gratuity policy with an exception that the same is unfunded plan. Refer Note 32.5.6.

b. Compensated absences

The leave obligation cover the Company's liability for earned leaves which is expected to be paid-off in next 12 months

2. Other Provisions

a. Warranty

Warranty is given to customers at the time of sale of Pumps, Motors and Pumpsets manufactured. Warranty cost includes expenses in connection with repairs, free replacement of parts and after sales services during warranty period.

Provision is made for estimated warranty claims in respect of products sold which are still under warranty at the end of reporting period. It is expected that majority of these costs will be incurred in the next financial year and balance will be incurred in following years. Management estimates the provision based on historical warranty claim information and any recent trends that may suggest future claims could differ from historical amounts.

During the year 2019-20, new section 115BAA is introduced by the CBDT. As per this section, option is given to all existing companies to either pay Income tax as per the existing rates (i.e. 25% or 30% plus applicable surcharge and cess) or as per concessional rate of 22% plus applicable surcharge and cess. This new rate is available only if company forgoes certain exemptions and deductions. Since this new rate is beneficial, company has adopted the new tax rate of 25.168% (i.e. 22% including surcharge and cess) for computing Income tax & deferred tax for year ended 31 March, 2022 (the rate for 31 March, 2021 was 25.168%).

P.G. BHAGWAT LLP PUNE

NOTE 32: NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2022

1 **Corporate Information**

The consolidated financial statements comprise the financials statements of La-Gajjar Machineries Private Limited ('The Parent Company') and Optiqua Pipes and Electricals Private Limited (its wholly-owned subsidiary). The parent company is a Private Limited Company domiciled in India and is incorporated under the provisions of the Companies Act 1956. The registered office of the parent company is located at Acidwala Estate, Nagarwel Hanuman Road, Amraiwadi, Ahmedabad – 380026. The equity shares of the company are not listed on any stock exchanges in India.

The parent company is a subsidiary company of Kirloskar Oil Engines Ltd.

The group company is engaged in the business of manufacturing and sales of Submersible Pumps, Electric Motors, Electrical Switches and spares thereof. The group further intends to commence the business of manufacturing and sales of Cables and Pipes.

The consolidated financial statements were approved by the Board of Directors and authorized for issue on 07 May 2022.

2 **Basis of preparation of Financial Statements**

The Group's consolidated financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") as issued under the Companies (Indian Accounting Standards) Rules, 2015 and amendments thereof issued by the Ministry of Corporate Affairs in exercise of the powers conferred by section 133 read with rule 7 of the companies (Accounts) Rules, 2014. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied.

The consolidated financial statements have been prepared on a historical cost basis, except for,

(i) the investments which have been measured at fair value as they are classified as fair value through profit or loss or fair value through other comprehensive income.

(ii) defined benefit plans - plan assets measured at fair value

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013 unless otherwise stated.

Basis of Consolidation

(i) Basis of Accounting and Preparation of the Consolidated financial statements

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting standards (Ind AS) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 ("the 2013 Act") and the relevant provisions of the 1956 Act / 2013 Act. The accounting policies adopted in the preparation of the consolidated financial statements are consistent. All assets and liabilities have been classified as current or non-current as per the respective Company's normal operating cycle and other criteria set out in Schedule III to the 2013 Act.

(ii) Principles of Consolidation
The consolidated financial statements have been prepared on the following basis:

a. The financial statements are prepared in accordance with the principles and procedures required for the preparation and presentation of consolidated financial statements as laid down under the Ind AS 110, "Consolidated Financial Statements".

b. The financial statements of the company and its subsidiary company have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra group balances and intra group transactions and resulting unrealised profit or losses, unless cost cannot be recovered, as per the applicable Accounting Standard in India.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

c. The consolidated financial statements are presented, to the extent applicable, in accordance with the requirements of Schedule III of the 2013 Act as applicable to the Group's separate financial statements. Differences if any, in accounting policies have been disclosed separately.

d. Particulars of subsidiaries have been considered in the preparation of the consolidated financial statements:

Name of Company	Country of Incorporation	% of Shareholding of La-Gajjar Machineries Private Limited	Consolidated As
Optiqua Pipes and Electricals Private Limited	India	100%	Subsidiary

e. The accounting policies of the parent are best viewed in its independent financial statements. Differences in accounting policies followed by the Optiqua Pipes and Electricals Private Limited have been reviewed and no adjustments have been made, since the impact if any of these differences is not significant.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The Group continually evaluates these estimates and assumptions based on the most recently available information. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

3.1. Judgements

In the process of applying the Group's accounting policies, the management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

Leases

The Group had applied provisions of Ind AS 116 effective 01st April, 2019. The said standard provides for certain recognition exemptions for short term leases as well as provides for certain criteria when the lease contracts are non-enforceable. The determination of lease term for the purpose of availing such exemptions and evaluation of such criteria for non-enforceability of a contract involves significant judgment.

Revenue Recognition

The Group generally recognizes revenue when the performance obligation is satisfied at a point in time when the control is transferred i.e. either on shipment or upon delivery in domestic and in case of export, on the date of bill of lading.

3.2. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group bases its assumptions and estimates on information available till the date of approval of these consolidated financial statements. The assumptions and estimates, however, may change based on future developments, due to market conditions or due to circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions and estimates when they occur.

Defined benefit plans

The cost of the defined benefit plans and other post-employment benefits and the present value of the obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future post-retirement medical benefit increase. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

The most sensitive parameter is the discount rate. In determining the appropriate discount rate, management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are mainly based on expected future inflation rates for the country.

Further details about defined benefit obligations are provided in Note 32.5.6

Deferred Tax

Deferred tax assets are recognised for all deductible temporary differences including the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Warranty

The Group recognises provision for warranties in respect of the products that it sells. The estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidences based on actions on product failures.

Impairment of Goodwill recognized under Business Combination

The Group estimates whether goodwill accounted under business combination has suffered any impairment on annual basis. For this purpose, the recoverable amount of the CGU was determined based on value in use calculations which require the use of assumptions.

Uncertainty relating to Global health pandemic on COVID-19

The Group's operation has and may continue to be impacted by the outbreak of COVID-19 virus. The effects of COVID-19 virus to the global economy include effect to economic growth, increase in credit risk, and the fluctuation of foreign currency exchange rates and disruption of business operation. The future effects of the outbreak of COVID-19 virus to the Group are unclear at this time. Nevertheless, as at the date of this report, management of the Group is of the opinion that the outbreak of the COVID 19 has no significant impact to the operational activities of the Group.

4 Significant Accounting Policies

4.1. Current Vs Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is current when it is:

a. Expected to be realised or intended to be sold or consumed in normal operating cycle
b. Held primarily for the purpose of trading
c. Expected to be realised within twelve months after the reporting period, or
d. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the

All other assets are classified as non - current.

A liability is current when it is:

a. Expected to be settled in normal operating cycle
b. Held primarily for the purpose of trading
c. Due to be settled within twelve months after the reporting period, or
d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non - current.

Deferred tax assets and liabilities are classified as non - current assets and liabilities.

P.G. BHAGWAT LLP
CHARTERED ACCOUNTANTS

4.2. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, Or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The Group measures the fair value of an asset or a liability assuming that market participants would use it when pricing the asset or liability and that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

External valuation experts are involved for valuation of significant assets and liabilities. Involvement of external valuation experts is decided upon annually by the management.

Methods and assumptions used to estimate the fair values are consistently followed.

4.3. Property , Plant and Equipment

a. The Group has adopted Ind AS from transition date 1st April 2016. Accordingly the Group has elected to continue with the carrying value of all of its Property, plant and equipment measured as per the Indian GAAP as at 31 March 2016 and use those values as deemed cost.

Property, plant and equipment, and capital work in progress are stated at cost, net of accumulated depreciation and/or accumulated impairment losses, if any, other than those acquired in a business combination. Cost represents all expenses directly attributable to bringing the asset to its working condition capable of operating in the manner intended. Such cost includes the cost of replacing parts of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the Property, Plant and Equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Consolidated Statement of Profit and Loss as incurred.

b. Capital work-in progress comprises cost of property, plant and equipment that are not yet installed and ready for their intended use at the balance sheet date.

c. Own manufactured assets are capitalised at cost including an appropriate share of allocable expenses.

BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Depreciation and Amortization

Depreciation is charged on the basis of useful life of assets on Straight Line method which are as follows:

Asset Category	Life in Years	Basis for useful life
Leasehold improvements	Lease Period	Amortised over lease period
Plant & Equipment including Pattern Tooling	15	Life as prescribed under Schedule-II of Companies Act, 2013
Jigs & Fixtures	8	Lower useful life considered based on past history of usage and supported by Technical Evaluation
Computers		
Network	6	Life as prescribed under Schedule-II of Companies Act, 2013
End user devices, such as, desktops, laptops, etc.	3	
Servers	6	
Electrical Installations	10	Life as prescribed under Schedule-II of Companies Act, 2013
Furniture & Fixture		
Furniture, Fixtures and Electrical Fittings	10	Life as prescribed under Schedule-II of Companies Act, 2013
AC, Refrigerators and Water coolers - Company and Guest House Premises	5	Life as prescribed under Schedule-II of Companies Act, 2013
Office Equipment	5	Life as prescribed under Schedule-II of Companies Act, 2013
Vehicles		
Motorcars, Jeep	8	Life as prescribed under Schedule-II of Companies Act, 2013
Two Wheelers	10	
Other Vehicles	8	

- Used assets obtained under Business Combination are measured based on their remaining useful life as on the date of acquisition

Depreciation on additions is provided from the beginning of the month in which the asset is ready to use.

Depreciation on assets sold, discarded or demolished during the year is being provided at their respective rates on pro-rata basis up to the end of the month prior to the month in which such assets are sold, discarded or demolished.

- Foreign exchange fluctuation gain/ loss on imported plant and equipment were charged to Profit & Loss statement up to transition date of Ind AS.

The Group, based on technical assessments made by technical experts and management estimates and depreciates certain items of plant and equipment over a useful lives which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Consolidated Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Security:

As at 31st March 2022, Properties, Plant & Equipment with a carrying amount of ₹1627.36 Lakhs (31st March 2021 ₹ 1346.10 Lakhs) are subject to first charge to secure bank loan. Refer note 14 "Borrowings".

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

4.4. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

An investment property is derecognised on disposal or on permanent withdrawal from use or when no future economic benefits are expected from its disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Transfers are made to (or from) investment property only when there is a change in use. Transfers between investment property, owner-occupied property and inventories are at carrying amount of the property transferred.

4.5 Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets are recorded at the consideration paid for its acquisition. In case of internally generated intangible assets, expenditure incurred in development phase, where it is reasonably certain that the outcome of development will be commercially exploited to yield future economic benefits to the Group, is considered as an intangible asset. Such developmental expenditure is capitalized at cost including a share of allocable expenses.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised by using Straight Line method over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset maybe impaired. Amortisation of Intangible assets is included in the depreciation and amortisation in the statement of Profit and Loss.

Sr. No.	Asset category	Life in years
1	Computer Software	3 - 5 years
2	Customer Relationship	5 years

The amortisation period and amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives, if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

4.6. Borrowing Cost

Borrowing Costs net of any investment income from temporary investment of related borrowings that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized till the month in which the asset is ready to use, as part of the cost of that asset. Other borrowing costs are recognised as expenses in the period in which these are incurred.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

4.7. **Impairment of non-financial assets**

The Group assesses at each balance sheet date whether there is any indication due to internal or external factors that an asset or a group of assets comprising a Cash Generating Unit (CGU) may be impaired. If any such indication exists, the Group estimates the recoverable amount of the assets. If such recoverable amount of the assets or the recoverable amount of the CGU to which the asset belongs is less than the carrying amount of the assets or the CGU as the case may be, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the profit and loss account. If at any subsequent balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the profit and loss account.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. 'An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognised or relates to a change in the estimate of the recoverable amount in the previous periods.

4.8. **Financial instruments – initial recognition and subsequent measurement**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) **Financial assets**

(i) Initial recognition and measurement of financial assets

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement of financial assets

For the purposes of subsequent measurement, financial assets are classified in three categories:
- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at fair value through profit or loss (FVTPL)

Financial assets at amortised cost

A financial asset is measured at amortised cost if:
- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset if applicable. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

Financial assets at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if:
- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

After initial measurement, such financial assets, until they are derecognised or reclassified, are subsequently measured at fair value with unrealised gains or losses recognised in other comprehensive income except for interest income, impairment gains or losses and foreign exchange gains and losses which are recognised in the statement of profit and loss.

Financial assets at fair value through profit or loss

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

Equity Instruments

Investment in equity instruments issued by subsidiary are measured at cost.

In addition, the Group may elect to classify a financial asset, which otherwise meets amortized cost or fair value through other comprehensive income criteria, as at fair value through profit or loss. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

After initial measurement, such financial assets are subsequently measured at fair value with unrealised gains or losses recognised in the statement of profit and loss.

(iii) Derecognition of financial assets

A financial asset is derecognised when:

- the contractual rights to the cash flows from the financial asset expire,

or

The Group has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

(iv) Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

The following table shows various reclassifications and how they are accounted for

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in the statement of Profit and loss.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to statement of profit and loss at the reclassification date.

(i) Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.

- Financial assets that are debt instruments, and are measured at amortised cost.
- Financial assets that are debt instruments and are measured as at FVOCI
- Lease receivables under Ind AS 116
- Trade receivables under Ind AS 115

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables resulting from transactions within the scope of Ind AS 115, if they do not contain a significant financing component
- Trade receivables or contract assets resulting from transactions within the scope of Ind AS 115 that contain a significant financing component, if the Group applies practical expedient to ignore separation of time value of money, and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the Group is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected in a separate line in the P&L as an impairment gain or loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost, contract assets and lease receivables: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not derecognize impairment allowance from the gross carrying amount.

Loan commitments: ECL is presented as a provision in the balance sheet, i.e. as a liability.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

a) **Financial Liabilities**

(i) Initial recognition and measurement of financial liabilities

All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss, transaction costs that are attributable to the issue of the financial liabilities.

(ii) Subsequent measurement of financial liabilities

For the purposes of subsequent measurement, financial liabilities are classified and measured as follows:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Group has not designated any financial liability as at fair value through profit and loss.

- Loans and Borrowings at amortised Cost

This is the category most relevant to the Group. After initial recognition, interest bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

P.G. BHAGWAT LLP

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividend on these preference shares are recognised in profit or loss as finance cost.

(iii) Derecognition of financial liabilities

A financial liability (or a part of a financial liability) is derecognised from its balance sheet when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

4.9. Derivatives

The Group uses derivative contracts to hedge its exposure against movements in foreign exchange rates. The use of derivative contracts is intended to reduce the risk or cost to the Group. Derivative contracts are not used for trading or speculation purpose.

All derivatives are measured at fair value through the profit or loss unless they form part of a qualifying cash flow hedge, in which case the fair value is taken to reserves and released into the statement of profit and loss at the same time as the risks on the hedged instrument are recognised therein. Any hedge ineffectiveness will result in the relevant proportion of the fair value remaining in the statement of profit and loss. Fair values are derived primarily from discounted cash-flow models, option-pricing models and from third-party quotes. Derivatives are carried as assets when their fair values are positive and as liabilities when their fair values are negative. All hedging activity is explicitly identified and documented by the Group.

4.10. Foreign Currency Transactions

a. Initial Recognition
Foreign currency transactions are recorded in Indian currency, by applying the exchange rate between the Indian currency and the foreign currency at the date of the transaction.

b. Conversion
Current assets and current liabilities, Secured Loans, being monetary items, designated in foreign currencies are revalorized at the rate prevailing on the date of Balance Sheet or forward contract rate or other appropriate rate.

c. Exchange Differences
Exchange differences arising on the settlement and conversion of foreign currency transactions are recognised as income or as expenses in the year in which they arise.

4.11. Leases

Lease is a contract that provides to the customer (lessee) the right to use an asset for a period of time in exchange for consideration.

a. Group as a lessee

A lessee is required to recognise assets and liabilities for all leases and to recognise depreciation of leased assets separately from interest on lease liabilities in the statement of Profit and Loss. The Group uses the practical expedient to apply the requirements of this standard to a portfolio of leases with similar characteristics if the effects on the financial statements of applying to the portfolio does not differ materially from applying the requirement to the individual leases within that portfolio.

However, when the lessee and the lessor each have the right to terminate the lease without permission from the other party with no more than an insignificant penalty the Group considers that lease to be no longer enforceable. Also according to Ind AS 116, for leases with a lease term of 12 months or less (short-term leases) and for leases for which the underlying asset is of low value, the lessee is not required to recognize right-of-use asset and a lease liability. The Group applies both recognition exemptions. The lease payments associated with those leases are generally recognized as an expense on a straight-line basis over the lease term or another systematic basis if appropriate.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Right-of-use Asset

Right-of-use assets, which are included under property, plant and equipment, are measured at cost less any accumulated depreciation and, if necessary, any accumulated impairment. The cost of a right-of-use asset comprises the present value of the outstanding lease payments plus any lease payments made at or before the commencement date less any lease incentives received, any initial direct costs and an estimate of costs to be incurred in dismantling or removing the underlying asset. In this context, the Group also applies the practical expedient that the payments for non-lease components are generally recognized as lease payments. If the lease transfers ownership of the underlying asset to the lessee at the end of the lease term or if the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, the right-of-use asset is depreciated to the end of the useful life of the underlying asset. Otherwise, the right-of-use asset is depreciated to the end of the lease term.

Lease Liability

Lease liabilities, which are assigned to financing liabilities, are measured initially at the present value of the lease payments. Subsequent measurement of a lease liability includes the increase of the carrying amount to reflect interest on the lease liability and reducing the carrying amount to reflect the lease payments made.

Lease Modification

For a lease modification that is not accounted for as a separate lease, the Group accounts for the re-measurement of the lease liability by making a corresponding adjustment to the right-of-use asset.

b. Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Group is a lessor under an operating lease, the asset is capitalised within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of profit and Loss on a straight-line basis over the term of the lease.

4.12. Inventories

a. Raw materials, components, stores and spares are valued at cost or net realizable value whichever is lower. Cost includes all cost of purchase and incidental expenses incurred in bringing the inventories to their present location and condition.

b. Work-in-process including finished components and finished goods are valued at cost or realisable value whichever is lower. Cost includes direct materials, labour costs and a proportion of manufacturing overheads based on the normal operating capacity.

c. Materials-in-transit and materials in bonded warehouse are valued at actual cost incurred up to the date of balance sheet.

d. Unserviceable, damaged and obsolete inventory is valued at cost or net realisable value whichever is lower.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

4.13. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

4.14. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amounts expected to be recovered from or paid to the taxation authorities; on the basis of the taxable profits computed for the current accounting period in accordance with Income Tax Act, 1961 and book profit in case of minimum alternate tax under section 115JB of Income Tax Act, 1961 if applicable. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Current income tax relating to items recognised in other comprehensive income or directly in equity is recognised in other comprehensive income or in equity, respectively, and not in the statement of Profit and Loss. The Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax liabilities are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Deferred tax assets are recognised for all deductible temporary differences including, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Sales tax / GST

Expenses and assets are recognised net of the amount of GST, except:

- When the GST incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

- When receivables and payables are stated with the amount of GST included.

The net amount of Sales tax / GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

P.G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

4.15. **Non-Current Assets held for sale and Discontinuing operations**

A. Non-Current Assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate use in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

B. Discontinuing operations

Discontinuing operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss account.

Assets and liabilities classified as held for distribution are presented separately from others assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

a) Represents a separate major line of business or geographical area of operations,
b) Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations
c) Is a subsidiary acquired exclusively with a view to resale

An entity does not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

4.16. **Employee Benefits**

a) Short Term Employee Benefits

The distinction between short term and long term employee benefits is based on expected timing of settlement rather than the employee's entitlement benefits. All employee benefits payable within twelve months of rendering the service are classified as short term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. and are recognised in the period in which the employee renders the related service.

b) Post-Employment Benefits

(i) Defined contribution plan

The Group makes payment to state government provident fund scheme and employee state insurance scheme which are defined contribution plans. The contribution paid/payable under the schemes is recognised in the statement of profit and loss during the period in which the employee renders the related service. The Group has no further obligations under these schemes beyond its periodic contributions.

(ii) Defined benefit plan

The employee's gratuity fund scheme is Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on a net basis.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the profit or loss in subsequent periods.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Past service costs are recognised in the statement of profit and loss on the earlier of:
- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

(iii) Other than the Defined contribution plan and Defined benefit plan disclosed above, the Group does not offer any other Long term employment benefits or Termination benefits to its employees.

4.17. Provisions and Contingencies

Necessary provisions are made for the present obligations that arise out of past events entailing future outflow of economic resources. Such provisions reflect best estimates based on available information.

However a disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

4.18. Revenue Recognition

The Group recognizes revenue, when or as control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account our customer's creditworthiness.

Revenue is the transaction price the Group expects to be entitled to. Variable consideration is included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Group. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Group reasonably estimates those. Revenue is recognized for each performance obligation either at a point in time or over time.

Performance obligations are identified based on individual terms of contract. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Group reasonably estimates them. Revenue is recognized for each performance obligation either at a point in time or over time.

The incremental cost to obtain a contract are recognised as an asset if the Group expects to recover those cost over the period of contract. Group recognises the incremental costs of obtaining a contract as an expense, when incurred, if the amortisation period of the asset that the entity otherwise would have recognised is one year or less.

Contract Balances

Trade Receivable

The amounts billed on customer for work performed and are unconditionally due for payment i.e. only passage of time is required before payment falls due, are disclosed in the Balance Sheet as trade receivables.

P G BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Contract Liability

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised when the Group performs under the contract.

Other Income

Interest Income from a Financial Asset

Interest Income from a Financial Asset is recognized using effective interest rate method.

Others

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

4.19. Government Grant

Grants and subsidies from the government are recognized if the following conditions are satisfied,

- There is reasonable assurance that the Group will comply with the conditions attached to it.
- Such benefits are earned and reasonable certainty exists of the collection.

Export Incentives

Export incentives under various schemes notified by government are accounted for in the year of exports as grant related to income and is recognized as other operating income in the statement of profit and loss if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

4.20. Cash dividend

The Group recognises a liability to make cash distributions to the equity holders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the provisions of Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions, if any, are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

4.21. Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

4.22. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non cash nature and any deferral or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Group are segregated.

Cash and cash equivalents (including bank balances) shown in the Statement of cash flows exclude items which are not available for general use as at the date of the Balance sheet.

P. G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

4.23. Segment Reporting

a. Identification of Segments

The Group has identified Domestic Business and Exports Business as its reportable segments. The Group is engaged in the business of manufacturing and sales of Submersible Pumps, Electric Motors, Electrical Switches and spares thereof.

b. Allocation of common costs

Common allocable costs are allocated to the Domestic Business Segment based on sales of Domestic Business segment to the total sales of the Group.

c. Unallocated items

Corporate assets and liabilities, income and expenses which relate to the Group as a whole and are not allocable to segments, are included under other reconciling items.

4.24. Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquire. Acquisition related costs are generally recognized in profit or loss as incurred.

Goodwill is measured as the excess of,

- the sum of consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any)
- over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Contingent consideration that is classified as an asset or liability is re-measured at subsequent reporting dates in accordance with Ind AS 109 Financial Instruments or Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets, with the corresponding gain or loss being recognised in profit or loss.

d **Other information**

Nature of leasing activity

The Company has leases for Office Building, Factory Buildings and Warehouse. Certain lease contracts provide for payments to increase each year by inflation or and in others to be reset periodically to market rental rates. While other lease contracts comprise only fixed payments over the lease terms.

Extension and termination options

The use of extension and termination options gives the Company added flexibility in the event it has identified more suitable premises in terms of cost and/or location or determined that it is advantageous to remain in a location beyond the original lease term. An option is only exercised when consistent with the Company's regional markets strategy and the economic benefits of exercising the option exceeds the expected overall cost.one of the existing lease agreements is getting extended for another periods of 3 Years with 2 Years of lock-in.

P.G. BHAGWAT LLP * CHARTERED ACCOUNTANTS * PUNE

The major categories of plan assets of the fair value of the total plan assets of Gratuity are as follows: ₹ in Lakhs

Particulars	Year ended March 31, 2022 Rs.	Year ended March 31, 2021 Rs.
Special Deposit Scheme	-	-
(%) of total plan assets	-	-
Insured managed funds	248.53	210.89
(%) of total plan assets	100.0%	100.0%
Others	-	-
(%) of total plan assets	-	-

The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:

Particulars	-	-
Discount rate	7.2 to 7.3%	6.8%
Future salary increase	7.0% to 8.0%	7.0%
Expected rate of return on plan assets	7.2%	6.8%
Expected average remaining working lives (in years)	13.00	13.00
Withdrawal rate (based on grade and age of employees)		
For service 4 years and below	0.15	0.15
For service 5 years and above	0.03	0.03

A quantitative sensitivity analysis for significant assumption is as shown below:

Gratuity ₹ in Lakhs

Particulars	Sensitivity level	(increase) / decrease in defined benefit obligation (Impact)	
		-	-
Discount rate	1% increase	22.32	22.92
	1% decrease	(26.07)	(26.85)
Future salary increase	1% increase	(22.39)	(23.56)
	1% decrease	20.47	20.90
Withdrawal rate	1% increase	1.74	(0.05)
	1% decrease	(0.88)	0.01

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The followings are the expected future benefit payments for the defined benefit plan: ₹ in Lakhs

Particulars	-	-
	Rs.	Rs.
Within the next 12 months (next annual reporting period)	27.92	27.91
Between 2 and 5 years	48.47	41.19
Beyond 5 years	573.62	497.66
Total expected payments	656.01	566.76

Weighted average duration of defined plan obligation (based on discounted cash flows)

Particulars		-
	Years	Years
Gratuity	12 to 18	12.00

The followings are the expected contributions to planned assets for the next year:

Particulars		-
	Rs.	Rs.
Gratuity	47.89	56.06

C. Funding Policy

The Company has a defined benefit gratuity plan in India (funded). The company's defined benefit gratuity plan is a final salary plan for employees, which requires contributions to be made to a separately administered fund.

The fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy.

D. Risk Exposure
Gratuity is a defined benefit plan and company is exposed to the Following Risks:

Interest rate risk : A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk : The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk : The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk : The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk : Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk : Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

5.11. Revenue Recognition

(A)Set out below is the disaggregation of the Group's revenue from contracts with its customers :

₹ in Lakhs

Particulars	Domestic Business	Export Business	Total
Revenue from contracts with customers	41,005.55	14,108.53	55,114.08

(B)The company has generated revenue of ₹ 45.66 Lakhs during the year from its Contract Liabilities as on 1 April, 2021.

(C)The Group generally recognizes revenue when the performance obligation is satisfied at a point in time when the control is transferred i.e. either on shipment or upon delivery in domestic and in case of export on the date of bill of lading. The payment is due from the date of sales and are generally on terms of 30 days to 120 days.

(D)The group is in the business of manufacturing and trading of Electric Pumpsets and related spares and has a single obligation of delivery of goods as per the commercial contract terms with its customers. In some cases the Group also provides extended warranty to its customers.

(E)The group provides to its customers warranties in the forms of repairs or replacement under its standard terms and recognizes it as warranty provision as per Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets"

(F)As on 31st March, 2022, the company has unsatisfied performance obligation of ₹93.75 Lakhs and will be recognized as revenue in financial year 2022-23 based on contractual terms.

(G)Reconciliation of the Group's revenue from contract price with revenue recognized in the statement of Profit and Loss is as follows :

₹ in Lakhs

Particulars	2021-22	2020-21
Revenue as per Contract	57,763.89	52,716.63
Less : Discounts and Incentives	2,649.81	1,806.53
Revenue from contracts with customers	**55,114.08**	**50,910.10**

5.12. Fair value disclosures for financial assets and financial liabilities

The management believes that the fair values of non-current financial assets (e.g., investments at FVPL, loans and others),current financial assets (e.g., cash and cash equivalents, trade and other receivables, loans), non-current financial liabilities and current financial liabilities(e.g. Trade payables and other payables and others) approximate their carrying amounts.

5.13 Financial instruments risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise borrowings, trade and other payables and other financial liabilities. The main purpose of these financial liabilities is to finance and support the Group's operations. The Group's principal financial assets include investments, loans, trade and other receivables, cash and short term deposits and other financial assets that have been derived directly from its operations. The Group had entered into derivative transactions in the past, however no such transactions have taken place during the current financial year.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Audit Committee and Board review financial risks and the appropriate risk governance framework for the Group's financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a)Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk, price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings, deposits, investments, trade and other receivables, trade and other payables and derivative financial instruments.
The sensitivity analyses in the following sections relate to the positions as at 31 March 2022 and 31 March 2021.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity provisions.

The following assumption has been made in calculating the sensitivity analyses:

The sensitivity of the relevant statement of profit and loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held as 31 March 2022 and 31 March 2021.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

i)Interest rate risk

a.Exposure

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

₹ in Lakhs

Particulars	2021-22	2020-21
Long Term Fixed Interest Loans	850.00	858.60
Short Term Fixed Interest Loans	-	
Long Term Floating Interest Loans	3,402.32	980.59
Short Term Floating Interest Loans	8,050.71	7,867.03

b.Interest Rate Sensitivity

₹ in Lakhs

Financial Year	Change in interest rate	Effect on profit before tax	Effect on pre-tax equity
31-Mar-22	+50 bps	(53.31)	(53.31)
	-50 bps	53.31	53.31
31-Mar-21	+50 bps	(44.17)	(44.17)
	-50 bps	44.17	44.17

The sensitivity is calculated only in respect of floating interest rate loan. It is calculated by changing the interest rates by 50 bps keeping all other factors constant.

ii)Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency)

Amounts in Foreign Currencies

Nature of Exposure	Currency	2021-22	2020-21
Receivable	USD	2,512,469.00	2,863,709.00
	EUR	-	
Payable	USD	525,081.00	1,528,868.00
	EUR	15,600.00	26,064.00

The Group manages its foreign currency risk by hedging transactions related to sales & purchases.

At 31 March 2022 and 31 March 2021, the Group has hedged Nil and NIL USD and EURO respectively, of its total foreign currency exposure. When foreign currency risk is hedged, the Group uses foreign currency forward contracts.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD & EURO exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities. The impact on the Group's pre-tax equity is due to changes in profit before tax. The Group's exposure to foreign currency changes for all other currencies is not material.

₹ in Lakhs

Financial Year	Change in USD rate	Effect on profit before tax	Effect on pre-tax equity
31 March, 2022	5%	74.15	74.15
	-5%	(74.15)	(74.15)
31 March, 2021	5%	9.68	9.68
	-5%	(9.68)	(9.68)

₹ in Lakhs

Financial Year	Change in EURO rate	Effect on profit before tax	Effect on pre-tax equity
31-Mar-22	5%	(0.67)	(0.67)
	-5%	0.67	0.67
31-Mar-21	5%	(1.13)	(1.13)
	-5%	1.13	1.13

i) **Commodity price risk**

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase and manufacture of Pumps & Motors and therefore require a continuous supply of copper, steel and Iron. However, Group being the indirect user of these commodities, volatility in price of such commodity does not have direct or immediate impact on the profitability of the Group. Hence, the Group does not foresee any direct or immediate risk with respect to such commodity price fluctuation.

Financial Year	Change in commodity price	Effect on profit before tax	Effect on pre-tax equity
Copper	+5%	(107.58)	(107.58)
	-5%	107.58	107.58
PVC Resin	+5%	(44.08)	(44.08)
	-5%	44.08	44.08

i) **Other Price Risk**

The Group does not hold investments in equity or mutual fund as on the date of Balance Sheet and hence it is not exposed to any such risks.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

a) Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Trade receivables

Receivables are reviewed, managed and controlled for each class of customers separately. Credit exposure risk is mainly influenced by class / type of customers, depending upon their characteristics. Credit risk is managed through credit approval process by establishing credit limits along with continuous monitoring of credit worthiness of customers to whom credit terms are granted. Whenever required, credit risk of receivables is further covered through letter of credit, bank guarantee, business deposits and such other forms of credit assurance schemes.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are combined into homogenous category and assessed for impairment collectively. The calculation is based on actual incurred historical data. The Group does not hold collateral as security. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are spread over vast spectrum.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group in accordance with the Group's policy. Investments of surplus funds are made as per the approved investment policy. Investment limits are set to minimise the concentration of risks and therefore mitigate financial loss if any.

a) Liquidity risk

The Group monitors its risk of a shortage of funds using a liquidity planning tool.
The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans. The Group has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Selective hedging is used within the Group to manage risk concentrations at both the relationship and industry levels.

(i)The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

5. ESVA does not have any contingent liabilities or any commitment to be executed on capital account not provided for as on 31st March 2022.

P. G. BHAGWAT LLP PUNE CHARTERED ACCOUNTANTS

Note 5.17 : Business combinations

On 24th March, 2021, the subsidiary Company had entered into definitive business transfer Agreement (BTA) with Optiflex Industries, a partnership firm engaged in manufacturing and sales of Wires, Cables and Pipes. The business transfer was completed on 16th April, 2021 on execution of Slump Sale Agreement (SSA). Optiflex was engaged in the business of manufacturing and sale of winding wires, cables and pipes. The acquisition mainly aims to achieve backward integration with the holding company.

The business is acquired for an aggregate consideration of ₹ 366.56 Lakhs after adjusting trade receivables of ₹ 104.05 Lakhs not realised and were subjected to adjustment as per the Slump sale agreement. Assets and liabilities are recorded at their fair value. Difference between purchase consideration and net identifiable assets has been recorded as goodwill. Purchase consideration paid for the acquisition is calculated after considering the net assets and estimates of future economic benefits from the business.

The subsidiary Company has incurred acquisition related costs of ₹ 2.67 Lakhs on legal fees and due diligence. These costs are included in legal and professional fees under other expenses.

For period ended 31 March 2022, the business acquired from Optiflex contributed revenue of ₹ 3,690.36 Lakhs and loss before tax of ₹ 72.44 Lakhs to the Company's results.

Management estimates that there will be insignificant impact on the revenue as well as profit before tax of the company had the acquisition occurred on 1 April 2021.

The following table summarizes the recognized amounts of assets acquired, liabilities assumed and consequential goodwill as on the date of acquisition.

Particulars	**₹ in Lakhs**
Property, plant and equipment	293.02
Intangible Assets	72.38
Inventories	214.87
Trade receivables	605.12
Other assets	18.27
Borrowings	(881.41)
Deferred tax liabilities (net)	(50.86)
Trade payables	(17.09)
Provisions	(12.03)
Other payables	(2.29)
Total net identifiable assets acquired	**239.98**
Goodwill	**126.58**
Total Purchase consideration	**366.56**

This goodwill is attributed to the expected synergies due to backward integration with the holding company.

Total amount of goodwill that is expected to be deductible for tax purposes is Rs. Nil.

(a) repayable on demand; or
(b) without specifying any terms or period of repayment

NOTE 33: Standards issued but not yet effective
Amendment to Indian Accounting Standard Rules, 2015

The Ministry of Corporate Affairs (MCA) on 5 April 2022, vide Notification dated 23 March 2022 has issued Companies (Indian Accounting Standard) Amendment Rules, 2022 in consultation with the National Financial Reporting Authority (NFRA).

The notification states that these rules shall be applicable from 1 April 2022 and would thus be applicable for the financial year ending 31 March 2023.

The amendments to Ind As are intended to keep the Ind AS aligned with the amendments made in IFRS.

Particulars	Explanation
Amendments to Ind AS 16, "Property, Plant and Equipment"	The amendments to Ind AS 16 issued by the Ministry of Corporate Affairs amends provisions regarding proceeds from selling items produced while bringing an asset into the location and condition necessary for it to be capable of operating in the manner intended by management.
Amendments to Ind AS 37, "Provisions, Contingent Liabilities and Contingent Assets"	The amendments to Ind AS 37 issued by the Ministry of Corporate Affairs amends provisions regarding costs a company should include as the cost of fulfilling a contract when assessing whether a contract is onerous.
Amendments to 41, "Agriculture"	The amendments to Ind AS 41 issued by the Ministry of Corporate Affairs amends provisions to remove a requirement to exclude cash flows from taxation when measuring fair value thereby aligning the fair value measurement requirements in Ind AS 41 with those in other Ind AS's.
Amendments to 101, "First-time Adoption of Indian Accounting Standards"	The amendments to Ind AS 101 issued by the Ministry of Corporate Affairs amends provisions to simplify the application of Ind AS 101 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences.

P.G. BHAGWAT LLP
PUNE
CHARTERED ACCOUNTANTS

Ind AS 103, "Business Combination"	The amendments to Ind AS 103 issued by the Ministry of Corporate Affairs amends provisions to: - substitute the word 'Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework)' with the words 'Conceptual Framework of Financial Reporting in Ind AS'; - add to Ind AS 103 a requirement that, for transactions and other events within the scope of Ind AS 37 , an acquirer applies Ind AS 37 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination - add to Ind AS 103 an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.
Ind AS 109, "Financial Instruments"	The amendments to Ind AS 109 issued by the Ministry of Corporate Affairs amends provisions to prescribe the treatment of fees involved during exchange between an existing borrower and lender of debt instruments with substantially different terms. The amendment clarifies that if an exchange of debt instruments or modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognised as part of the gain or loss on the extinguishment If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the liability and are amortised over the remaining term of the modified liability

Exposure Drafts

Particulars	Explanation
Amendments to Ind AS 8, "Accounting Policies, Changes in Accounting Estimates and Errors" - Definition of Accounting Estimates	The exposure draft on amendments to Ind AS 8 issued by the Institute of Chartered Accountants of India proposes amendments to introduces a new definition of 'accounting estimates'. The amendments are designed to clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors.
Amendments to Ind AS 12, "Income Taxes" - Deferred Tax related to Assets and Liabilities arising from a Single Transaction	The exposure draft on amendments to Ind AS 12 issued by the Institute of Chartered Accountants of India proposes amendments to introduce an exception to the initial recognition exemption in Ind AS 12 whereby an entity does not apply the initial recognition exemption for transactions that give rise to equal taxable and deductible temporary differences. The amendments would apply to transactions that occur on or after the beginning of the earliest comparative period presented.

G. BHAGWAT LLP PUNE

Amendments to: Ind AS 1, "Presentation of Financial Statements", Ind AS 34, "Interim Financial Reporting" and Ind AS 107, "Financial Instruments: Disclosures" - Disclosures of Accounting Policies	The exposure draft on amendments to Ind AS 1 issued by the Institute of Chartered Accountants of India proposes amendments whereby an entity will be required to disclose only its material accounting policy information instead of its significant accounting policies. The amendment explain how an entity can identify material accounting policy information. Consequential amendments are proposed for Ind AS 107, Financial Instruments: Disclosures, and Ind AS 34, Interim Financial Reporting.
New Indian Accounting Standard (Ind AS) 117, Insurance Contracts	The exposure draft of Ind AS 117 is issued by the Institute of Chartered Accountants of India as replacement for Ind AS 104 Insurance Contracts. Further, amendments have also been proposed to the exposure draft to add a transition option relating to comparative information about financial assets presented on initial application of Ind AS 117

The above exposure drafts have not been notified by the Ministry of Corporate Affairs ('MCA') to be applicable from 1 April, 2022 as at the date of approval of these financial statements. On issue of the amendment by MCA, the Group would evaluate the impact of the change in the consolidated financial statements.
